Warranty Information

Mazona stoves are an affordable quality product with a 5-year warranty for your peace of mind, which covers all stove body castings. This does not include consumable items such as glass, door seals, grates, firebricks, vermiculite panels, baffles and log guards.

For warranty registration go to mazonastoves.com

Features

All Mazona stoves are Ecodesign compliant in line with government regulations and recommendations.

Our Stoves are Multi-Fuel allowing for fuel versatility. This flexibility allows you to choose the most readily available or cost-effective fuel option in your area. **It is essential to burn smokeless only coal. Failure to do so invalidates your warranty.**

Our Stoves are Multi-Fuel allowing for fuel versatility. This flexibility allows you to choose the most readily available or cost-effective fuel option in your area. **It is essential to burn seasoned wood with less than 20% moisture. Failure to do so invalidates your warranty.**

Mazona Stoves carry a 5 year warranty, to register your new Mazona stove go to mazonastoves.com for an extended warranty. It is essential to burn smokeless only coal and seasoned wood with less than 20% moisture. Failure to do so invalidates your warranty regardless of when the product was purchased.

All our stoves can be used in smoke controlled areas as they have passed tests to ensure they do not produce smoke when they burn authorised fuel such as smokeless coal or kiln dried wood.

Essential for new build air tight homes to give the stove sufficient air supply to stay lit

European Standard of testing for stoves fired by solid fuel, incorporating corrigenda September 2003, June 2006 and August 2007.

UK Conformity Assessed marking is a conformity mark that indicates conformity with the applicable requirements for products sold within Great Britain.
